URGES AN INCOME TAX IN GEM STATE

President of the Taxpayers' League Discusses Problem of Revenue for State.

Special to The Tribune.
BOISE, Idaho, Dec. 17.—That Idaho should have an income tax law for the purpose of relieving its tax burden and thereby place the burden of taxation upon those most able to bear it, was the claim made to the commissioners of the thirty-three counties of this state today in their annual session here by J. W. Brose, president of the Ada County Taxpayers' league. The proposal created unusual interest and was given serious consideration.

Tonight the commissioners and assessors in joint session with them were banqueting at the Owyhee hotel.

During the afternoon Judge W. C. Dunbar of the juvenile court delivered an interesting address on the work of that tribunal.

"When you base your taxes on income, you do not miss the moneyed man," declared President Brose during his address. "Government protects the financier in greater proportion than the laborer. His income is made safe by reason of a safe government and he should be willing to pay his share. With the income tax in this state it would be possible to do away with double taxation."

Keays Is Discharged.
Special to The Tribune.
BINGHAM, Dec. 17.—Lack of evidence was given as the reason for dismissing the case of David H. Keays, charged with disturbing the peace yesterday when he is said to have made remarks to the effect that he "hoped Lopez will kill a few more." He had a hearing today and was discharged.

BANNOCK COUNTY APPARENTLY "DRY"

Pocatello's "Wet" Majority Is Probably Overcome by Vote of Outside Precincts.

Special to The Tribune.
POCATELLO, Idaho, Dec. 17.—While the result of today's local option election in Bannock county is not absolutely certain, there seems little doubt that the "drys" have won by a small margin.

At 9:45 the "wet" majority of 641 in Pocatello is overbalanced by 743 "dry" majority in the county precincts. Following are the "dry" majority precincts: Portneuf, 49; Grace, 146; Inkum, 34; Soda Springs, 1; Robbins, 131; Bannock, 43; Marsh, 153; McCammon, 29; Dempsey, 32.

Interest in the contest was marked and the total vote cast was heavy, considering the fact that the issue was almost entirely local.

JAPANESE KILLED.
Runaway Accident Fatal to Tom Konishi, Who Had Marked Success as Farmer.
Special to The Tribune.
IDAHO FALLS, Dec. 17.—A Japanese named Tom Konishi, who has been a resident of this section for a number of years, and who made a marked success of farming, was killed in a runaway accident last evening, about five miles north of this city. Nothing is known of what occurred, as he was alone, but as some \$600 in checks and money was found upon his person, no other theory is advanced.

Two women discovered the body, and notified Jack Fowler, a rancher, who told E. C. Barnes, the man who had stopped the team near his place. The marks on the body showed several deep bruises where he had struck the frozen ground. Coroner Morely was notified, and the body was taken to the morgue.

RETURN FROM STOCK SHOW.
Utah Team Scored Fourth in General Classification; First in One Class.

Special to The Tribune.
LOGAN, Dec. 17.—Professor John T. Caine III and the Utah stock-judging team have returned from the International Live Stock show, which was held in Portland December 8-15. The Utah team scored fourth, being only six points below the winning team. Despite the fact that the team only secured fourth place, individuals in the team scored higher than most of the members of the winning team.

Utah boys scored highest in judging Shorthorn heifers, second place in judging fat steers, and third in judging Jersey cows. Holstein bulls and Poland-China hogs. Professor Caine says that the lack of high-grade animals of some classes in Utah was largely the cause for the team not standing higher in the general score.

The members of the Utah team are G. R. Parry of Salt Lake, W. L. Pond of Loveland and C. L. Kistner of Ogden. Utah was also represented at the show by a carload of fancy steers exhibited by the Hansen Livestock company.

BULGARIAN ARRESTED.
Taken Into Custody on Complaint of Wife Who Charges Desertion.

Special to The Tribune.
BINGHAM, Dec. 17.—Stephen Mincheff, a Bulgarian, was arrested here today by Deputy Sheriff John Benson on a complaint of wife desertion made by his wife, Mary O. Mincheff. Mincheff is suing his wife for divorce, according to the story he told the police, the case being scheduled to come up in the divorce court this week.

Mrs. Mincheff says they were married more than a year ago in Denver and that they came to Bingham about six months ago. It was shortly afterward, she says, that her husband deserted her. Mincheff came to the local police station with his wife, believing that he would not be arrested because he was suing for divorce. The fact that his wife charged him with desertion before he received a divorce, however, was considered sufficient by the officers to arrest him. He is held in jail in default of a \$500 bond.

PARK CITY, Dec. 17.—The regular monthly dinner given by the members of the Park City Commercial club was held last evening at the new Park City hotel, and a pleasant affair it proved to be for the thirty members present.

W. G. Farrell, secretary of the Salt Lake Commercial club, was present and discussed "The Work That the Utah Development League Has Done." The members of the Park City club were thanked for the part that they have taken in helping to develop Utah and asked to continue the good work.

Mr. Farrell dealt at some length on the opportunities of this state and declared that the fondest hopes of all would be realized during the next few years.

Special to The Tribune.

POCATELLO, Idaho, Dec. 17.—Robert Melvane, sentenced to six months in the county jail for bootlegging and now serving sentence, was tried Monday on a second count involving violation of the liquor laws and was found guilty by the jury and is subject to another fine or additional sentence.

The case of Walter Grant, who is charged with conspiracy to burn the home of County Attorney Smith and other crimes, is creating much interest. So far the officers have been unable to find out where the money that Grant was offering for the commission of certain crimes on the persons or property of officers of the law during the session of the grand jury here last spring. Grant's trial has been set for December 25.

Caught Bootlegging.
Special to The Tribune.

POCATELLO, Idaho, Dec. 17.—As a sequel of the recent complaint filed by County Attorney C. Douglass Smith, charging that bootlegging was not only contemplated in the county jail, but was actually permitted in connection with the prisoners in which he filed out proceedings against Sheriff Lowry, this forenoon, Steve Strates was arrested while handing a bottle of liquor through the grating of a cell to a prisoner. Strates has been a frequent visitor to the jail and has been under suspicion for some time.

Citizens of people, many of whom have never before visited the big mill, were going and coming all day, and at the close of the day 297 persons had responded to the invitation, and judging from the expressions of interest and commendation by the visitors on leaving, all were pleased with the varied and extensive lines of beautiful goods exhibited, and surprised that they had not before really known what the mills were doing.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was by operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned. Although I am doing hard work as a carpenter, there was no operation, no loss of time, no trouble. I have been cured. I can give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 1337 Marquette avenue, Minneapolis, N. J., better cut out this notice and show it to any others who are ruptured—don't save a life or a limb. Stop the misery of rupture and the worry and danger of an operation. (Advertisement.)

COMMISSION NAMED TO EXAMINE THAW

To Determine Whether It Would Be Dangerous to Admit Him to Bail.

CONCORD, N. H., Dec. 17.—A commission to examine Harry K. Thaw to determine whether his liberty under bail would be dangerous to public safety, was announced in a receipt issued by Judge Aldrich in the federal court today. The commission is to consist of Frank S. Streeter, Concord; Dr. Morton Prince, Boston; Dr. George A. Blumer, superintendent of Butler hospital for the insane; Providence, R. I.; and Dr. Charles P. Bancroft, superintendent of the New Hampshire state hospital for the insane.

In the receipt, which is on Thaw's application for admission to bail under the habeas corpus proceedings, Judge Aldrich says:

The commission is not appointed for the purpose of listening to experts upon an adversary hearing, but for making such observations and examinations as it sees fit to make as to Thaw's present condition and whether he is insane or not. Its opinion is sought upon the single and sole question whether it is reasonably probable that his liberty under bail would be dangerous to the public peace and safety.

The receipt adds that it is not intended that there should be a broad trial upon the general question of insanity, because it is not the purpose to embarrass any subsequent litigation where that question might be involved.

The theory of the New York courts holding that Thaw's custody at Matteawan was not as punishment for crime, but for recovery of harmless or non-dangerous mental poise, and that the question of recovery is one which is to be treated always open, the answer to the question of mental poise in respect to public danger is the only one upon which the opinion of the commission is sought, says the receipt.

It will be open to the commission to give interested parties an opportunity to offer evidence in respect to acts, if any, since Thaw's commitment to Matteawan, tending to show personal violence. This, says the court, will of course include the evidence of the United States marshal and the sheriff who have recently had Thaw in keeping.

When the report of the commission is presented the parties may have leave to be heard further on the question of bail. The clerk of the court issued the full printed record of the petition of Thaw for a writ of habeas corpus. It makes a volume of 177 large pages, and covers the proceedings in the case from September 15 to date. Counsel for Thaw have forty days from the appearance of this record in which to file their brief, and Judge Aldrich has agreed to extend that limit if it is found necessary. After that William T. Jerome, for the state of New York, will have a similar time in which to reply.

HARRISON APPOINTS NEW BOARD MEMBERS

More Developments in the Fight Over Side-tracking of Mrs. Ella Flagg Young.

CHICAGO, Dec. 17.—Three members of the Chicago school board were appointed tonight by Mayor Carter H. Harrison to fill the places of the five board members whose resignations he accepted as a result of their voting against the reelection of Mrs. Ella Flagg Young as superintendent of instruction. H. A. Lipsky, one of those whose resignations was accepted, probably will be reappointed, as he has sent a letter to Mayor Harrison explaining that he cast a blank vote on the first ballot in order that on the second ballot he might announce he would vote for Mrs. Young, turning the tide in her favor. The fifth appointment is still open.

The resignations of the deposed board members were filed with the mayor immediately after their appointments, and when a storm among the women's clubs arose at the failure to re-elect Mrs. Young, Mr. Harrison notified the members that he had accepted them.

Four of the deposed men have engaged attorneys and announced that they would fight their removal on the ground that their resignations were extracted from them before the appointments were given.

The appointments were ratified by the council after Mr. Harrison had been questioned as to the attitude in regard to returning Mrs. Young to the superintendency.
